SOGP National Scientific Conference 3rd – 4th August, 2018 at Serena Hotel, Quetta

Prof. Dr. Aisha Siddiq
Chief Organizer
Vice President SOGP Balochistan

Prof. Dr. Alfareed Zafar
Conference Chairperson
President SOGP

**Dear Colleagues,
Assalam-o-Alaikum,**

It gives me great pleasure writing this message for the forthcoming National SOGP conference to be held at QUETTA SERENA HOTEL on 3rd & 4th August 2018. The first ever SOGP conference in Quetta was held back in 2001 by our beloved Prof. Shehnaz Naseer Baloch. I am overwhelmed to announce that after overcoming numerous challenges we have finally managed to organize the SOGP national conference in Quetta after a period of 18 years. I am very grateful to ALMIGHTY ALLAH, my respected seniors and my beloved colleagues for embarking on this journey with me.

"Challenges are what make life interesting and overcoming them is what makes life meaningful."

The theme of our Conference is:

"NO COMPROMISE ON WOMEN'S HEALTH"

Women health status is substandard here in Balochistan. There are many indices of women health status which are far from our promised goals. I am positive that the scientific content of this conference will help raise awareness in our community and will help tremendously in reducing the MMR in Balochistan.

I hope all delegates will avail the warm hospitality of the amicable people of Balochistan and will enjoy being in the scenic city of Quetta known for its natural beauty, serenity and lake of HANNA URAK which is at a 20 minutes' drive from Serena Hotel. Looking forward to your active participation and wishing this conference a huge success and you all a happy stay.

Conference Secretariat: Department of Obstetrics & Gynaecology Unit- II, Sandoman Provincial Hospital, Quetta Ph: 0092-81-9201138
